

Acer Aspire 5000

Expanding the potential of 64-Bit mobility

The slim and stylish Acer Aspire 5000 models provide a refreshing way to discover the potential of all-in-one 64 bit mobility. Featuring the all-new AMD Turion™ 64 mobile technology with HyperTransport™ technology, the Acer Aspire 5000 provides self employed professionals and power users from small and medium sized businesses with long-lasting on-the-spot mobility for dynamic business communication and stunning video performance.

Captivating Digital Entertainment...

It's amazing when your multimedia digital entertainment reaches you, when it captures your emotions and imagination, transforming video images into special moments. Available with either a DVD-Dual double layer or a DVD/CD-RW combo, and either a 15" display or 15.4" CrystalBrite wide screen, the Acer Aspire 5000 is the ideal solution for space-conscious home users looking for dynamic multimedia capabilities and gripping home entertainment from a single, space-saving unit.

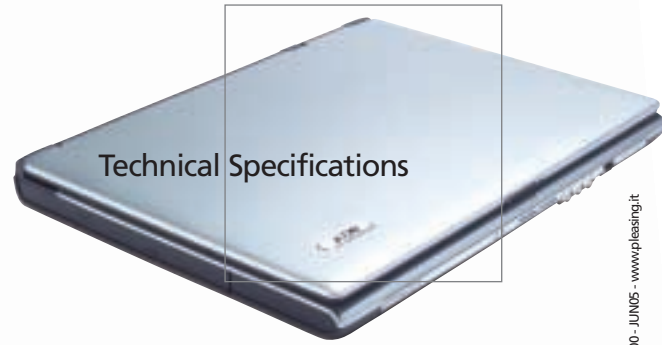

...With Full Business Credentials

But it's not all entertainment. The integrated Wake-on-LAN ready Fast Ethernet card provides uninterrupted online access at 10/100Mbps, while the integrated 56K ITU V.92 data/fax software modem keeps your work flowing even when you're out of the office. For even greater versatility, the Acer Aspire 5000 can be specified with full, 802.11b/g wireless connectivity supporting Acer SignalUp wireless technology. With up to three hours' battery life, the Acer Aspire 5000 provides unprecedented speed and versatility for all your mobile business needs.
